

Arto ARTO™

HANDCRAFTED IN SOUTHERN CALIFORNIA SINCE 1966

SCIROCCO

Antiqued Handpainted High-Fire Terracotta

ARTO is known for making rustically elegant, handcrafted ceramic and concrete tiles, bricks, and pavers. Our products are made with locally sourced materials at our Southern California factory. ARTO products are available throughout the United States, Canada, and the world.

SCIROCCO FIELD TILES, COLORS & SIZES

The Scirocco Collection features seven colors of field tiles along with 32 ancient quad designs inspired by the Arabian desert and Southern Italy. The tiles are hand silk-screened in a way that looks time-worn and are finished with antiqued, hand-rubbed edges. At just 3/8" thick, the thin nature of the Scirocco tiles allows them to be used adjacent to wood or porcelain, and they are durable enough to be submerged in water or installed around heat. The high-fire bodies are freeze thaw resistant and ideal for floor and wall applications. This collection works with ARTO's Studio Field tiles and trim pieces. Custom Scirocco trim and field tile pricing is based on Studio's Specialty Glaze pricing. These tiles can be used in wet areas, but if exposed to pool chemicals an overglaze must be applied to the tiles.
